

New reforestation approaches sound great...

But how?

Moderators: Rita Mustatia (USFS) and Rob York (UC Berkeley)

Schedule:

2:00 – 2:10 Group composition survey

2:10 – 2:40 Group discussions

2:40 – 2:50 Individual play with stickers

Group composition. Choose the group you are most closely affiliated with:

Affiliation

Count

- Federal agency
- State agency
- Private industry
- Consulting
- University

Group discussions (2:10 – 2:40)

Consider the question: “How can we ensure that reforestation succeeds?”

1. Choose a facilitator
2. Choose a scribe
3. Referring to the questions on page 3 of the handout:
 - Your group will be assigned one of the four questions
 - Raise your hand when you would like to share an answer- or use facilitator’s method of choice
 - Scribe writes down answers onto the flip chart as they are stated by individuals- be pithy!
 - Save space on the right margin for stickers
 - Finish by 2:40

Fun with stickers (2:40-2:50)

1. Walk around to the different flip charts
2. Vote on one answer per question by placing your sticker next to your chosen answer
 - Four stickers per person- vote on the top answer for each question from among all answers
3. Feel sad if your answer didn't get any stickers 😞

THANKS FOR YOUR INPUT!
